BAY AREA SNOW SPORTS COUNCIL

Welcome to the 2020 ~ 2021 issue of the BAC Directory.

The Bay Area Snow Sports Council (BAC) is one of ten councils within the Far West Ski Association (FWSA), encompassing California, Arizona, Idaho, Oregon, Nevada, New Mexico, Utah, Washington, Montana, Alaska and Colorado. BAC has 13 active clubs. BAC has a membership of over 3,000 snow sports enthusiasts. BAC has been active since it was founded more than 75 years ago. BAC is an active member of the National Ski Council Federation (NSCF) which is comprised of thirty (30) Councils across the United States with membership exceeding 1/3 of a million (330,000) people. BAC clubs offer many benefits such as discount lift tickets retail discounts, safety programs, philanthropic support to various charities such as Achieve Tahoe (www.achievetahoe.org). Year-round discount travel opportunities, and recreational racing programs through our two race leagues and the Far West Race Association for all levels of racer abilities including beginners. BAC has 3 clubs in our Singles League and the other 10 clubs comprise the Open League. BAC clubs offer "off season" activities such as biking, hiking, golf, and waterskiing to name a few. BAC organizes events including the Oakland A's/BAC/ DSUSA Fund Raiser and Tailgate BBQ and local San Jose Barracudas Hockey nights. For travel, this season the BAC has a ski/snowboard trip organized to visit Sun Valley, Idaho. BAC has an international Bike and Barge trip to Italy in August 2021. Our clubs also plan trips to Morocco, Cuba, and Iceland along with many other locations in the Western United States, Canada. Just have a look at the BAC website (www.skibac.org) for details and the latest updates on all of our events. For the first time we will have this directory as an online directory. It is an honor to serve as the BAC President alongside those who are officers on this year's outstanding BAC Board of Directors.

Paul Vlasveld President - 2016-2018

PURPOSE: The Council was formed to promote amateur skiing and racing, assist in development of new clubs, promote inter-club and inter-league competition, and generally to foster club activity in skiing and social functions. The Council actively supports the expansion and development of existing and new ski areas.

MEMBERSHIP: The Bay Area Snow Sports Council does not discriminate on the basis of race, color, national or ethnic origin in club membership or any sponsored activities. Club membership is available to any active, organized ski club in the greater Bay Area, upon application and by meeting prescribed requirements (by-laws, club's officer list, dues).

MEETINGS: Each member club has two votes (club president and BAC rep) at general meetings. Regular meetings of the Council are held the second Monday of each month at Don Jose's Restaurant, 3430 Village Dr, Castro Valley, CA.

HISTORY OF SKI ASSOCIATIONS IN CALIFORNIA

On February 21, 1904 a small group of Nordic skiers met in a local banker's office in Ishpeming, Michigan and founded the National Ski Association of America (NSA). On December 14, 1930 the California Ski Association was bought into this national organization.

Skiing at that time in the Sierras was the domain of the very local people. Read: those trapped in the mountains as opposed to those who came for the weekend. The roads thru the Sierras during the winter were all closed at the snow line. There were times the roads would not be reopened until mid June or July based on how heavy the snow fall had been that season.

Early in the 1928-1929 ski season a group of young Auburn would-be skiers, armed with mail order skis, began heading to the snow. The most prominent, if not first of the modern ski clubs was the Auburn Ski Club. With shovels and borrowed machinery they kept US Highway

HISTORY OF SKI ASSOCIATIONS IN CALIFORNIA continued

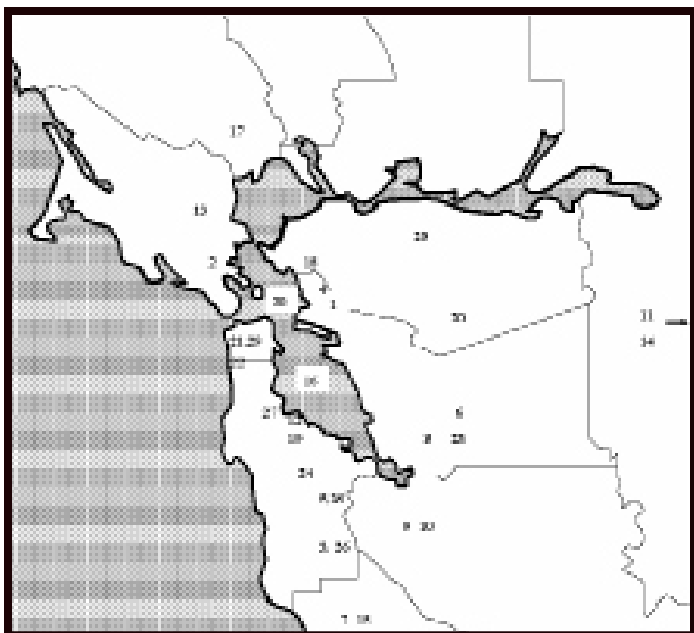

40 was free to the public and over 2,400 cars traveled to the dead end at Cisco causing a monumental traffic jam. Auburn Ski Club members had transported the California Legislature to the event, complete with a “mountain dew spring.” Remember that this was during prohibition. The local chapter of the E Clampus Vitus “found” an uncharted “mountain dew spring”, which has since gone dry. This event prompted the state to keep US Highway 40 open on a year round basis.

After World War II, the National Ski Association emerged as the United States Ski Association (USSA) and the California Ski Association (CSA) became its Far West Division, later called Far West Ski Association (FWSA). FWSA has since grown to encompass additional Ski Councils in Arizona, Nevada, New Mexico, Oregon and Washington.

In late 1940, the Bay Area Ski Federation was organized for the welfare of Bay Area skiers and appointed Carson White as the first chairman. Finally, in 1961 after eight years of courtship, the Federation, now under Miss Hardie’s administration, voted to join the FWSA as the Bay Area Council.

The Council name and mission evolved to Bay Area Council of Ski Clubs and grew to include 35 paid member clubs in the next two decades. To embrace all snow sports activities, the current name is now Bay Area Snow Sports Council, a member council in Far West Ski Association and a charter member of the National Ski Council Federation.
